Guests of Honor

Philo Barnhart is a professional film animator from Oak Park, IL, known for his work on feature-length films: *The Little Mermaid*, *Beauty and the Beast*, *The Rescuers Down Under*, *The Secret of NIMH*, *Happily Ever After*, *An American Tail*, and special effects for *Star Trek: The Motion Picture*. Philo worked many animated TV shows and video games including *The Smurfs*, *Scooby Doo*, *Jem and the Holograms*, *Space Ace*, *Dragons Lair*, and many more. He worked on consumer products for several years with Disney, and to this day you can still find his artwork still being used on toys, books, home electronics/appliances, apparel, and posters. Philo's parent Dale Barnhart and Phyllis Barnhart were both animators at Disney's animation studios. Growing up watching the magic of art become animation, he spends his life continuing the tradition of making stories come to life through art. Currently Philo is working with Silver Phoenix Entertainment Inc. His latest comic title is *WHISPERS FROM THE VOID*.

Charles D. Moisant, is a comic book artist, writer, and the creative director of Silver Phoenix Entertainment (a 100% female owned company). Charles has been publishing comic books since 1991, starting with *Kremin*. Silver Phoenix Entertainment works with many artists, printing comic titles like *Myth Told Tales* by Robert Asprin and Jody Lynn Nye, *Mystery Manor Haunted Theatre*, and *Whispers from the Void*. Charles is also known for his *Roller Derby Drama*, which is loosely based on the Chicago Outfit Roller Derby Team. Charles can usually be found on his roller skates at Silver Phoenix Entertainment promoting some of the newer titles such as 'Whispers from The Void' where all monsters are reflections of the Seven Deadly

Sins. Philo Barnhart is drawing the second issue. Some of his works currently in production include 'Zombie Annihilation', where Doctor Zarvin is working with local heroes from Chicago to save the world from zombies; 'Danni and Dayna in Dino World' in which two Woman: IDA DANNI, a modern day military refueling pilot, and Dayna Onli, an African-American woman from Chicago 1902, are trapped 65 million years ago. Working against them are intelligent dinosaurs, lizard people, and the Atlantians a space-faring race who are stealing the world's only major resource: Magik; and 'Thunder World' a story about three giant robots and a giant monster learning how to work with each other and saving the world, which is being written by him and Doug Rice of Dynamo Joe.

ACCESS TO CON ACTIVITIES

Things to remember: The Video room is open to anyone who cares to watch – these are copyright protected materials, and we are not charging for access to them – **HOWEVER** – anyone who does not respect the rights of others and the hotel will be asked to leave for that reason. The rest of the con activities are restricted to registered **MEMBERS ONLY**. No one without a badge should be in any of the other convention rooms or activities. This convention is not intended as a profit-making event, but we can't continue to do it if we **LOSE** money – please support this position. Late in the evening, you might be partying (we hope!) – have fun, but remember that others, especially anyone at the hotel not part of the convention, may be trying to sleep – please act in a manner to preserve the hotel's position of profitability – we'd like to come back to this venue, which has been very friendly and accommodating in setting the convention up, and we've assured them that active events will start closing down at 2am, and quiet down somewhat by midnight. Thanks for your help.

CONSENT AND CUDDLES-LISA

After several years of running the Partying Safely panel at conventions, Lisa realized that the ability to manage one's own boundaries is the foundational element of staying safe. Whether it's consenting to physical touch or consenting to that next alcoholic drink, the principles involved (and the skills required to do it effectively) remain the same. Consent is a popular topic of discussion, and there's some reason to believe it's not well understood throughout popular culture. Physical touch provides an excellent workshop tool for practicing how to give, deny, and revoke consent-and how to manage your feelings when others do those things in relation to you. We'll take a very "training wheels" approach in the session, and then those who consent will have some time to cuddle with each other.

YOGA FOR GEEKS-

Yoga was designed to help people comfortably sit for long periods of time-a thing Geeks do often while engaged in geeky endeavors like reading books, playing games, or debating the finer points of their favorite cannon. Come check it out. Note: Unlike some of the classes taught at DeCON, we'll be following the first rule of yoga, which is "nothing we do should hurt." With 15 years as a yoga teacher, Lisa is skilled at teaching to the people who show up in a way that honors where each person is in their body and their practice. 10Am Saturday

TRUE AUDIENCE PARTICIPATION: A Rocky Horror Experience

Hosted By Xen NGU and Chris Stephenson-Friday Doors open at 8:45pm Show at 9:00pm

At the beginning of this cult sensation fans slowly started acting out the movie and singing along. Over time more and more of the audience would get up to perform and call back or riff and it grew into a large network of organized casts throughout the world. In the same spirit of those original fans, anyone who attends the show can get up and act out any part they want. This production is truly for the audience!

Xen NGU: Former member of 6 shadow casts including 4 RHPS casts...her name is not unknown in Ohio Rocky Horror Infamy. Xen has been doing Rocky for-like-ever and her Rocky Home currently is in Ironton with DownHome Decadence. Co-Creator of one of the only two in existence dedicated Hedwig and The Angry Inch Shadow Cast, Gods of the Nile, which performed for over 2 years. Lately she lives with her cat trying desperately to not turn into the Crazy Cat Lady...

Chris Stephenson is an accomplished Shadowcaster, A current member of Downhome Decadence, founder and Cast Director of The Midnight Shift and a former member of The Fishnet Mafia for almost a decade. He is also a 2-Star Admiral of the USS Maximillian and will shortly be publishing his first novel.

QUIPLASH AND PARTY GAMES-

Hosted by Sin 5pm-6pm Sat

Battle Blakes-hosted by Lucas Weese

A take-that conflict card game with two different attack types and a goal to destroy your opponents' Self-Esteem. Each player will use an imaginary version of Blake as their Character for the game. You will be playing various types of cards to affect the stats (Verbal Assault, Tough Skin, Wit) of you and your opponents. The length of the game is dictated by the amount of rounds you choose to play. Each round will have a different Event that will have a global effect and may also have special effects for a particular Blake. Each player will get one turn during each round where they will either attack another player using a Verbal Assault or engage in a Battle of Wits. The goal is simple; destroy the Self-Esteem (in a light hearted fun kind of way) of the other players to become the one true Blake. The player with the highest Self-Esteem at game end is the winner. www.battleblakes.com

BARFLEET CAPTAIN'S TABLE GUIDELINES-

The Captain's Table guidelines: Seating at any given table is limited. The table will be run by the Captain, or their appointed representative. There will also be a steward, who is in charge of the selection of the alcohols being served and will serve as the resident lead or expert. The representative and the steward can be the same person if it happens to work out that way. The total seating space at the table is 10 people. Minus the Captain and steward, that leaves approximately 8 additional people to be seated at any given table event. If you wish to have a seat at a table, Please arrive approximately 30 minutes before the designated start time with your bottle for the table (This is a participation-sharing event, the participants provide what is to be tasted). The steward will select the bottles for that particular table seating. Those selected have a seat. If your bottle is not chosen for that particular table, you are welcome to stick around to enjoy the commentary and festivities, though any tasting for people standing is generally at the consideration those seated. With the increase in the number of tables, the duration for each table seating has been reduced to accommodate the additional seating and the events scheduled in and around those times. If you have a seat at a particular table, please show up on time, and please be ready to vacate for the next seating, to allow time to reset the table and accessories. We know these events are popular as both an opportunity to learn and to sample items that might not otherwise be available to an individual on a regular basis. We thank you for your interest in these events and we hope that these changes will allow more people to have a chance to enjoy what is rapidly becoming another fine Barfleet tradition
